The sights of the town Usman.

I live in Usman. It is small but a very beautiful town. It has got a lot of sights. I would like to show the river Usmanka. This river is not wide but long. It flows through Voronezh and Lipetsk regions. Its length is 151 kilometers. The name of the river comes from the river Usman. The river Usmanka is a left tributary of the Voronezh river. The city of Usman and the Voronezh reserve is situated on the river Usmanka.
