Flaybording

- ◆ A wonderful sport for people who have a lifetime dream to learn to fly. However, within this class, it does not have to do it on a solid surface and the water.

Parkour Trampoline

- ◆ Parkour on a trampoline - is not just a perfectly sound jumps with acceleration, is a special kind of tricks in the air, as well as interaction with external objects and surfaces

Water climbing (Psicobloc)

- ◆ Task athlete in Psicobloc
 - not just to climb up the sloping wall with projections, but also beautiful fall down into the water-filled pool.

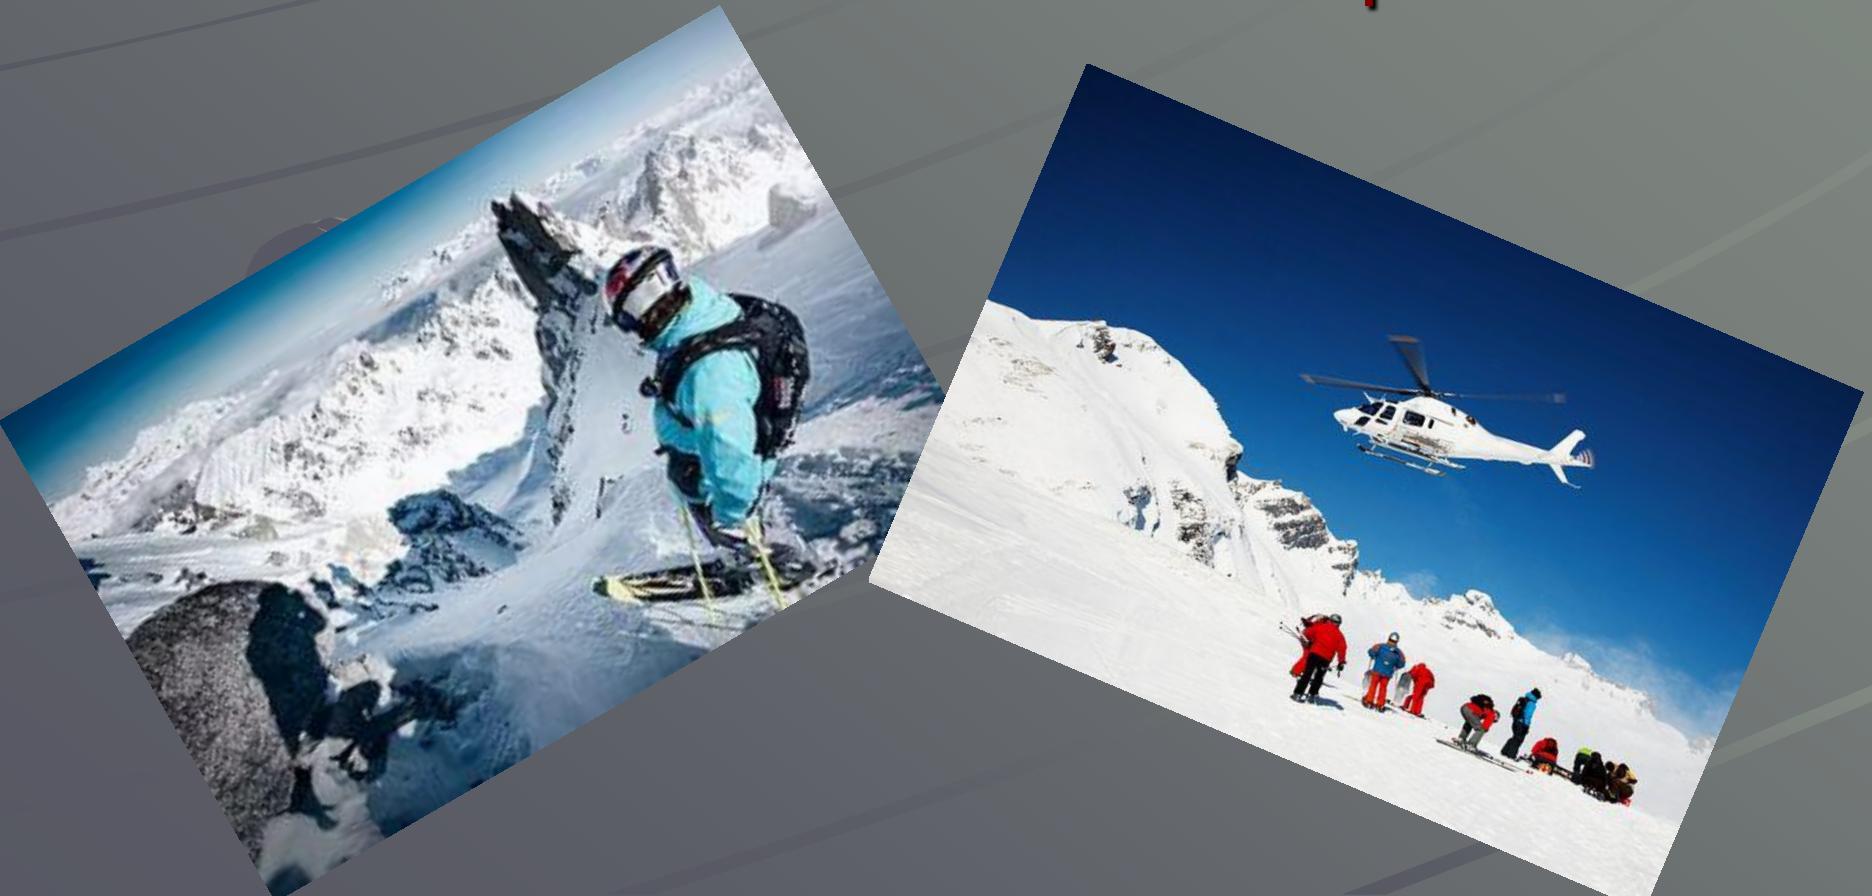

Cave Diving

- ◆ Dive committed in caves. At first glance, there is nothing complicated, but in fact, such an immersion can be extremely dangerous. Sometimes swimmers have to wade in darkness, and in case of danger can be difficult to go upstairs

Heliskiing

- ◆ Jumping from a helicopter and skiing on untouched mountain slopes.

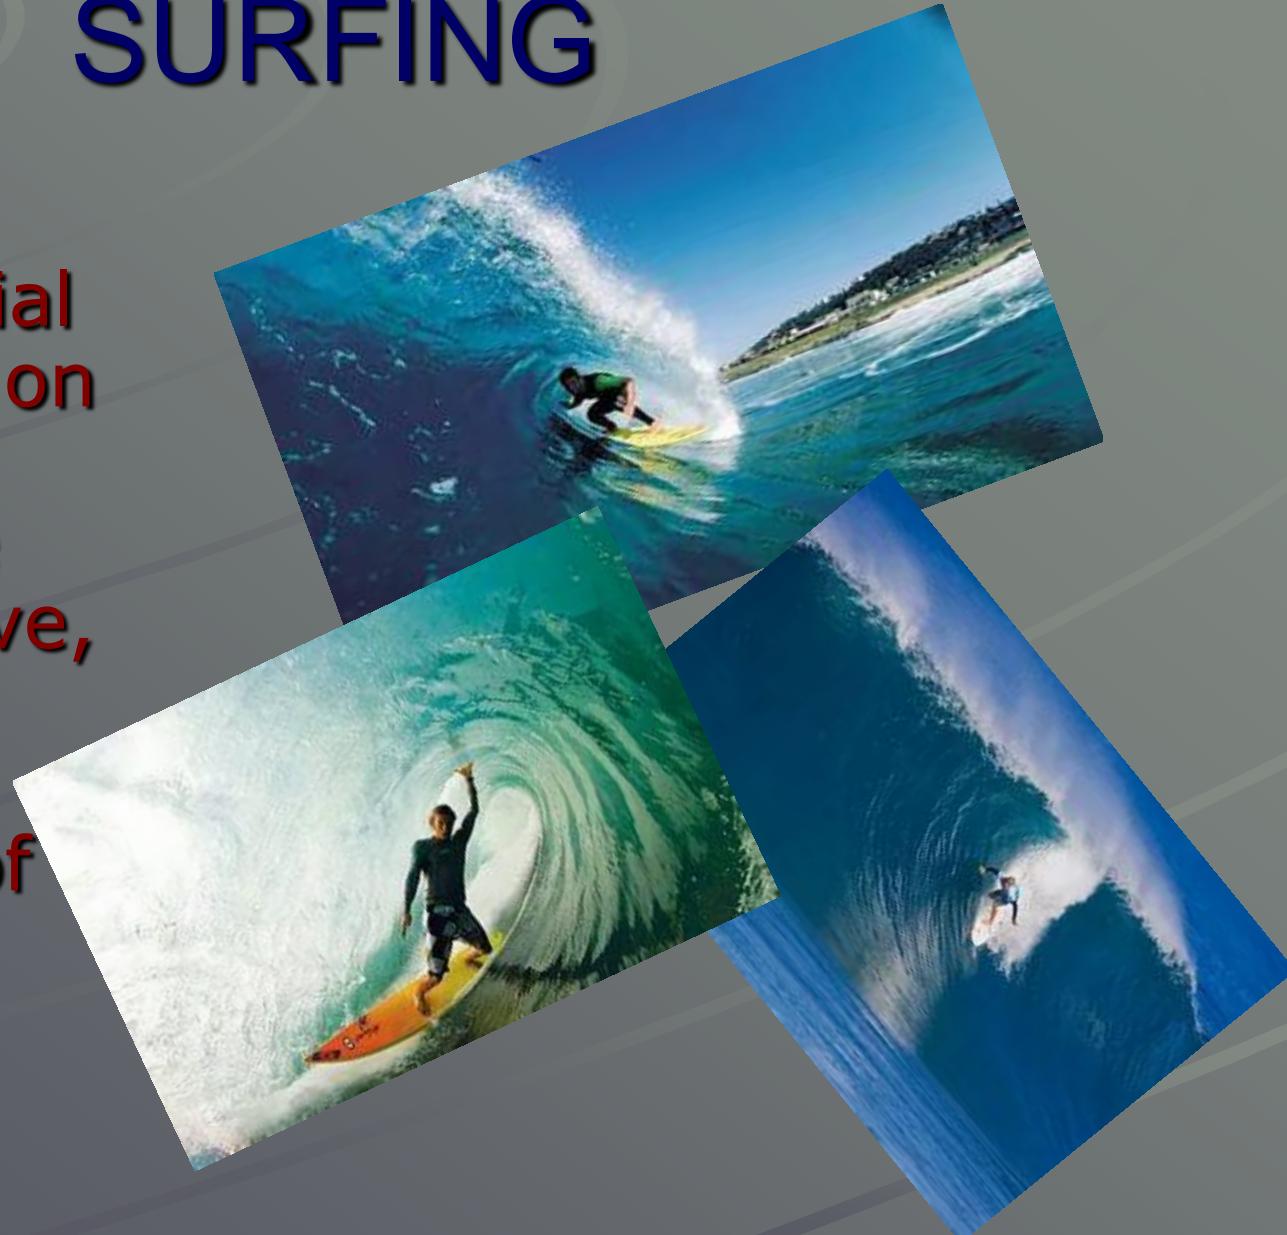

ROCK CLIMBING

One of the most beautiful sports. Stunning views, height and unforgettable experience. Many who once felt it, will never be able to deny myself the pleasure to try again.

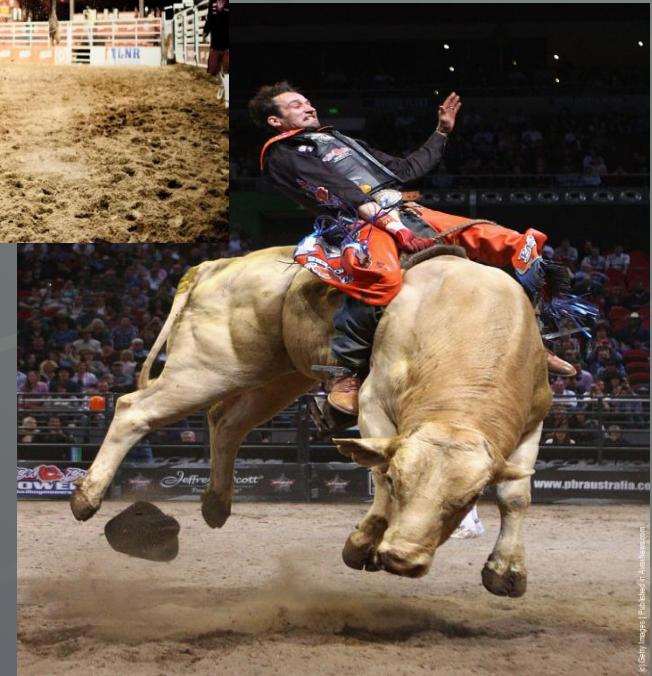

SURFING

- ◆ Riding on the waves of special boards, stand on which can not everyone. The higher the wave, the more unpredictable the outcome of the battle of man with the ocean.

RODEO

◆ The most dangerous and spectacular views of the rodeo - jump to a furious bull. To win, you need to hold only eight seconds, but this is not so easy as it seems.

RAFTING

◆ Alloy on the mountain rivers with an abundance of turbulent rapids, shoals and waterfalls. Despite the fact that rafting has become quite popular form of recreation, it is rather dangerous hobby, because the participants of the alloys have to overcome many obstacles in their path

STRITLATING

- ◆ Downhill on the boards on road routes. Brakes are not there, so that is only accelerating and stop it will be already very difficult.
